Both → banks have **ATMs** accessible from outside, available 24/7. Common credit cards are accepted.

B The **bakery store** is located below the village church near Hotel *Frisal*. The bakery itself is only about 100 m from the apartment toward the village center.

Tip: For the duration of your stay, pre-order bread and rolls for pickup directly at the bakery (during peak season also on Sundays!).

There are two **banks** in the village: Raiffeisenbank (village center, opposite Volg → supermarket), and Graubündner Kantonalbank, GKB (village center, next to the → Post office).

The artificial **bathing lake** in Brigels, located next to the Pradas Resort and the chairlift parking area, is ideal for swimming and relaxing in pleasant weather. A larger lake facility – Caumasee – with boat rental, sunbathing lawns, and a restaurant is in Flims Waldhaus (approx. 27 km).

Bed linen, bathroom towels, dish towels, and kitchen towels are provided and included in the rental price. Beds are made upon your arrival.

Bike → Mountain biking

You can use the **Blu-ray/DVD player** to play films and audio CDs. For play-back, the → TV must be set to AV channel “HDMI 2 [BluRay]”. Please handle the device carefully; the disc tray is delicate. But you probably won’t need any of this anyway ...

The Schmed **butcher shop**, located in the village center next to the parish church below Hotel Alpina, offers not only the classic selection of beef, veal, pork, and poultry but also an assortment of excellent game meats, as well as fruit brandies from the award-winning distillery *Dagout* in Ilanz.

C **Chair cushions** → Cushions

A **children’s playground** is in the village center opposite the church or the supermarket.

Cheminée → Fireplace

Brigels has various **churches**. In addition to the large village church, you will find St. Martin near Hotel Mulin and St. Eusebius on a nearby hill. More information is available at the → Tourist Office.

Cushions and sheepskins for the terrace furniture are stored in the lockable garden box on the terrace. The key is in the apartment’s key cabinet. Before departure, please return all cushions to the box (only when completely dry!), lock it, and place the key back in the key cabinet next to the entrance door.

D The local **dairy** offers excellent cheese from its own production and the region, including raclette and fondue cheese. Fondue and raclette equipment can be borrowed upon request.

To use the **dishwasher**, switch it on and press the button for the desired program. From left to right: heavily soiled pots, normal dishes, eco program, lightly soiled dishes, cups/glasses. Please use “3-in-1” tabs (including rinse aid and salt). The lower two indicator lights show when rinse aid or salt needs refilling. Wait until the program has fully finished (third indicator light from the top). If necessary, switch on the three “GWA” fuses in the hallway fuse box. A green water shut-off valve is located under the sink.

The local **doctor**, a general practitioner named Dr. Patric Maissen, has his practice right across from the small chapel of Sogn Giacun. You can reach him at 081 920 1111.

F The **fireplace** (cheminée) is available for your use. Firewood can be purchased at the Volg → supermarket.

Important: Before lighting the fire, please make sure to open the chimney draft flap to prevent smoke from entering the apartment and posing a health risk. To do this, set the lever on the wall facing the television to a vertical position and open the flap on the exterior wall of the terrace. After the fire has burned down, ensure that both flaps are closed again.

An electric **fire starter** is in the wardrobe. Place it under the stacked wood and plug it into a socket. Once the wood begins to glow, remove the fire starter (caution: extremely hot!) and let it cool outside.

G The **garage** belonging to the apartment is the fifth (last) one when viewed from the house entrance — the one on the far left next to the mailboxes, labeled “Guyet”. The garage door can be opened with the main key.
